Qanon: “Learn to Read the Map” A Cartography of the Globally Organized Corruption Networks: A Treasure Trove of Maps, Diagrams, Org Charts, and Family Trees

Original "Q Web" map by Dylan Louis Monroe

The material presented below has primarily been collected the old-fashioned way: Google. Aside from Dylan Louis Monroe's remarkably detailed "Q Web," almost nothing is new that the the Alt Media crowd hasn't had access to. **This should not be construed as a "drop by Q Anon."** This is a reasonably organized and presented collection of notes and diagrams from a few bloggers and memeologists, that's it. **We are not affiliated with Q Anon nor any organization.**

All of this information is intended to be shared and reposted, including this article in its entirety. That said, this is a dynamic article with more maps and diagrams being added and Dylan has and will continue to provide updates, revisions, and a number of additional products. It is suggested that you link to this article as

HOW VIEW AND TO SAVE THESE IMAGES

VIEWING

The collection is over 250 images, many high resolution. To prevent browser lags and excessive bandwidth usage each time you click Back, the images have been set to open in a new tab when you click on them.

If you are reading this and the URL ends with `/amp/?__twitter_impression=true` then you are not reading the article as it was intended as it has been designed for a specific column width. Deleting that part of the URL allows you to properly view the site on [Through the Looking Glass](#) instead of through the Twitter filter. It's a free WordPress site, so there's no advertising or clickbait except for what WordPress drops in.

SAVING A SINGLE IMAGE

- Right-click, "Save image as..."
- Some high resolution images are linked off site and you may need to save the higher quality image from there.

SAVING THE ENTIRE ARCHIVE

- Right-click, "Save as..." anywhere on the web page that is NOT an image.
 - For example, [RIGHT CLICK THIS BLUE TEXT](#) and select "Save as..."
- You will be prompted to save an html file that INCLUDES A FOLDER WITH ALL ASSOCIATED IMAGES
- Navigate to the folder
- View by Details
- Sort by Type
- Move the JPGs to your archive folder
- Trash the non-JPG files

Some of the high resolution images are linked off-site and may require you to go there to properly complete your collection, but the above technique will capture the majority of the images preventing you from having to right-click your way to a carpal-tunnel flare-up.

Thanks to all the nameless, faceless contributors to our collective knowledge base, especially for that which is available on the interwebs.

INTRODUCTION TO THE Q-WEB

The Q-web is a chronological timeline of our Hidden History, highlighting declassified government projects & operations, occultism within the upper echelons of the global power structure, lies we have been sold by the media, and generally things you won't read about in standard history books, yet can be easily referenced on Wikipedia. All information should technically be considered "theory"; and you are encouraged to research each point on this web yourself, and come to your own conclusion about it's validity. The Q-web blends generally accepted facts and plausible theories together, and challenges the viewer to use their own discernment.

Sections 1 and 2 at the top of the web are devoted to early history. The main timeline down the center (3) is divided into two categories, "Technology / Spirituality" on the left, and "War / Violence" on the right. Many topics relate to the closest adjacent topics without an arrow. Many connections that could be made are not drawn on the map for the purpose of maintaining legibility of the text. There are also several larger sections of data points related to a single topic. Seek out the "Key to the Q-web" at the web address below to better understand how related subjects are clustered.

This information is being distributed freely in order to hasten what has been coined "The Great Awakening". A physical print-out is the recommended method of transferring this information. On the D.S.M.P. website you will find high resolution digital files of this artwork, as well as apparel and posters printed with the Q web to help you spread truth and light. You are encouraged to share this information the most effective way you deem appropriate. The survival of our Republic and indeed the human species may depend on it. Godspeed patriots.

These next two "blue maps" are from the Bureau d'Etudes, which sounds like an Ashton Kutcher movie to me. With a name like "Bureau d'Etudes" I imagine some stodgy Euro dudes in their late 50's with thin mustaches and smoking cigarettes, I don't see some guy sitting in front of Illustrator or Photoshop (and they certainly wouldn't be on freeware Paint.net like this memeologist). So who knows how ALL

this stuff got on there, and there is no telling whether the dots that are connected here are really connected, unless you start validating it yourself.

This is the world of Alternative Resources. Like “tells” in poker, EVERYTHING has value, it’s just a matter of determining how to get the highest and best use out of something and when to just cut bait. Looking at it for more than a few minutes, it does seem like most connections jibe with the plethora of information available to us. If something seems NQR (Not Quite Right), then look it up, it very well might not be. If you find that something is wrong, you can just walk away from the resource. OR, you can use that information as an breadcrumb for you to figure out WHY you were being misled. Several of these breadbrumbs together will show you a PATTERN of what “they” WANT YOU TO BELIEVE, which is clearly not “what is true.” This is called developing your discernment and is a part of the alchemical process of learning how to turn lead into gold.

Click on the image below to be taken to a very large, high resolution file that you can zoom in to. The first diagram is stunning on its own, while the second allows you to expand even further out, maintaining a remarkable level of detail.

Freemasons / Masonic / Templars / Knights of Malta

1550 AD ➡

THE FREEMASONS

A. Kilwinning Lodge was the first Freemasonic lodge and was located in Kilwinning Scotland near the area the Irish Gaels first settled in Scotland. The Canaanite bloodline is maintained through the ancestry of many Freemasons.

B. Similar to ancient mystery religions such as the Eleusinian Mysteries, members of Freemasonry are not told all of the mysteries of the secret society from the beginning. One must pass through multiple levels before the greatest mysteries are revealed. Most members never achieve the highest levels. Lesser members typically continue to believe in the supreme being they believed in upon initiation.

C. At the highest levels of Masonry, the hybrid Canaanite Egyptian pantheon is worshiped. According to the Masonic perspective, the goddess Isis is at the head of the pantheon.

1. The Statue of Liberty is the goddess Isis.

2. The Washington Monument represents the missing phallus of Osiris (Isis' husband) [see Myth of Osiris and Isis]. This giant phallus has little to do with worshipping a penis and more to do with the myth concerning

1. **STATUE OF LIBERTY (1886)**
French Grand Orient Temple Masons

2. **Isis.**

3. Unlike Catholics and religious Jews, top Masons do not consider the Egyptian god Amun(El, Yahweh) to be the highest god, rather it is the goddess Isis.

4. The large majority of Masons do not worship Pharaoh Caesarion(Jesus) or hold him in any reverence, although a minority of Masons such as the Swedish Rite, do in fact worship Caesarion.

1586 AD

SAINT PETER'S SQUARE (VATICAN)

A. The obelisk at St. Peter's square was erected by Domenico Fontana under the direction of Pope Sixtus V. Sixtus also erected another obelisk located just outside the Vatican at the Papal Archbasilica of St. John Lateran. This obelisk was transported from the Temple of Amun in Karnak. It was originally built by Pharaoh Thutmose III whose name was likely changed to Moses in the Bible.

B. Both obelisks represent the dwelling of the god Amun-Ra (Canaanite El/Yahweh, God Lord of the Christian Bible). Erecting the "dwelling place" of an Egyptian god in the courtyard of the most powerful Christian church seems completely bizarre to the uninitiated. The looming obelisk is testament to building an altar for Zeus in the courtyard of St. Peter's Basilica. Although many Catholics are unaware of the true nature of the God they worship, they are in fact worshipping Amun(El), as are all faiths which worship the chief God of the Tanakh (Hebrew Bible).

C. In regards to the remaining hybrid Canaanite/Egyptian gods of the Pantheon, they may have evolved into manifestations of Amun himself, rather than separate gods. Another option is that the remnants of the pantheon lost their "god status" and came to be represented as saints, apostles or angels within the Catholic Church. Aside from the writings of noncontemporary Christian authors, no tangible or historical evidence has been found to prove the existence of any of the 12 apostles, disciples, non-biblical "church fathers" or early bishops. The author of this website has researched all alleged bishops of the early "Christian Churches" to the 8th line and found no evidence that they ever existed. The tombs of St. Peter and St. Ignatius are empty memorials designed by later church members.

D. Pharaoh Caesarion(Jesus), the founder of Christianity is also worshipped by the Catholics as the chosen son of Amun. Remember that Caesarion's bloodline originates from the Phoenician settlers of Argos and then Macedonia. He was also the rightful heir to the Roman Empire through Caesar and although he never saw it to fruition, the Holy Roman Empire.

E. Unlike the Washington Monument which is a Freemason obelisk, the specimen located in St. Peter's Square does not represent a phallus and is completely unrelated to the Freemason interpretation. The Catholic Church considers Freemasons to be in a grave state of sin. Freemasons have a long history of feuding with Catholics.

F. Despite historical differences The Freemasons and the Catholic Church are currently working together along with Israel and the British Monarchy and their blood relations, to form a "One World Government." The Cannaanite bloodline unites them all. The British Monarchy plays the leading role as well as mediator between the other groups who often have competing methods to achieve their goals.

*** INTERESTING FACT:**

Throughout the Middle Ages, a metal globe was attached to the pinnacles of the obelisk were located in Saint Peter's square. It was commonly thought to contain the ashes of Gaius Julius Caesar (Caesarion's father). Architect Domenico Fontana, who was responsible for erecting the obelisk in it's current location, opened the sphere and found only dust.

THE BLACK NOBILITY

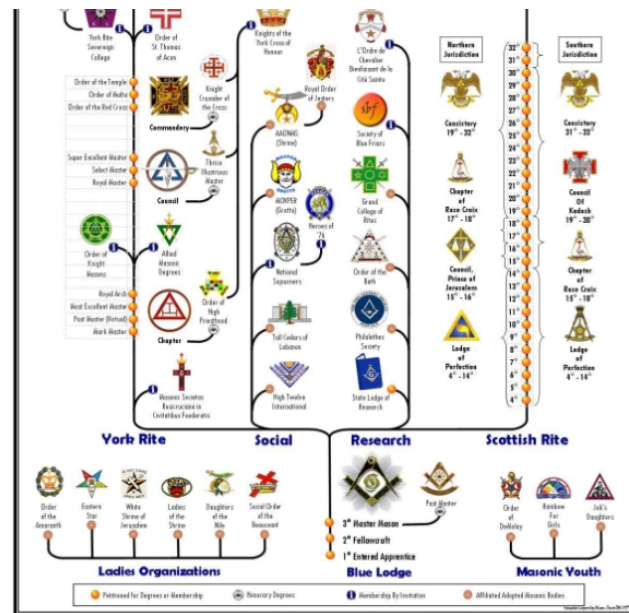

Pope Pius XII (Black Nobility)

A. After the army of the Kingdom of Italy entered Rome and overthrew the Papacy, the Pope remained in Vatican City as a prisoner of sorts. A number of Italian Royal families stood by the Pope and incurred his imprisonment. These men and women were called the Black Nobility.

B. The Black Nobility were members of the House of Wolf, which already maintained relationships with the English Monarchy and other European families. Later on, members of the Black Nobility were chosen for high ranking positions within the Catholic Church. Pope Pius XII was a member of the Black Nobility.

C. Stemming from religious similarities(worship of Amun and Caesarion) and blood ties, the English Monarchy forged an important bond with the Black Nobility within the Catholic Church.

The Secret Shadow Government – A Structural Analysis

Source <http://www.apfn.org/apfn/shadow.htm> provided by “Nothing But Truth Natasha”

THE SECRET SHADOW GOVERNMENT
A STRUCTURAL ANALYSIS
By Richard J. Boylan Ph.D.

The secret “shadow” government is the large organizational network which operates alongside the officially elected and appointed government of the United States of America. Just as with the official government, the secret government has functional branches.

Just as with the official government, the Shadow Government has functional branches. However, unlike the official government, the purpose of the non-executive branches of the Shadow Government is simply to distribute various functions, but not to achieve a system of checks and balances, as was supposed to happen constitutionally between the executive, legislative and judicial branches of the U.S. Government. That is because the Shadow Government is a creature of a powerful elite, who need not fear being dominated by an instrument of their own creation.

In the Shadow Government five branches may be identified. These branches are: the Executive Branch, the Intelligence Branch, the War Department, the Weapons Industry Branch, and the Financial Department.

The reporting lines of the Intelligence Branch and the War Department to the Executive Branch are straightforward and obvious. Intelligence exists to provide the Executive Branch with sufficient necessary information to make adequately informed policy decisions. The War Department exists to provide coercive force to carry out Executive policy decisions which could meet with public resistance. The Special Operations units within the Intelligence Branch and War Department exist to carry out policy directives requiring covert action and official deniability.

The Weapons Industry Branch reports to the Executive Branch most often indirectly, through the War Department

and/or the Intelligence Branch (for Black Budget weapons systems).

The Financial Department theoretically reports to the Executive Branch for fiscal policy implementation, but de facto also reports directly to the international power brokers who have created the Shadow Government. The Financial Department serves at times directly as their instrument of fiscal policy implementation.

An analysis of the overall purposes of these five branches suggests that the overall purpose of the Shadow Government is to exercise covert control by:

1. Collecting comprehensive institutional and personal information
2. By establishing national and international policy independently of the established Government
3. By developing high-tech arms and equipment, and, with these, establishing small, specialized, highly mobile, elite military units to effect these covert policies, when need arises, without having to rely on the official (and "unreliable") Armed Services, (whose subservience to the Shadow Government is reasonably suspect)
4. By developing an armed capability to repel any threat to the status quo, (including the uncertain ontological, social, and economic impacts of any revelation of the reality of UFO and extraterrestrial presence) through the development of a Star Wars/BMDO ground and space-based surveillance and SDI weapons network
5. By denying information compromising to the Shadow Government from all those outside "need-to-know" policy-making levels
6. By exercising control on the money supply, availability of credit, and the worth of money, through policy decisions made outside of the official Government

The Bush Family Tree

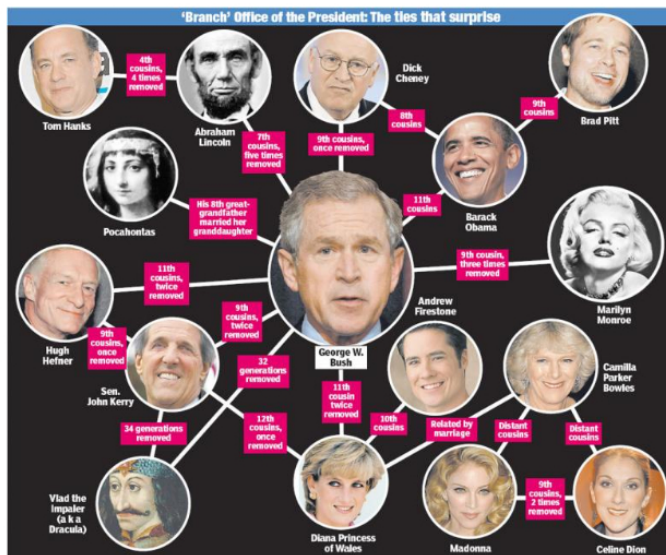

Five Generations of an American Dynasty

By David Huxley

Published Jan. 16, 2016 at 6:02 PM

Jeb Bush will be a candidate for president during the 2016 election, but the Bushes and their relatives have been at the heart of American business and politics for more than a century. Through five wealthy and powerful generations, the families of George Herbert Walker Bush and Barbara Bush have produced investment bankers, a magazine publishing executive, a state supreme court justice, a retired industrialist, a senator, two governors, and, of course, two presidents. Now, Jeb Bush hopes to be the third. Click on the links below to explore the Bush family tree.

Map of the Alien Invaders

The title is a bit loaded, as only some of them have the intention of "invading" in the sense that 21st century English speaking people tend to use it. It's more like what's going on with the milieu in the "Men in Black" series with a bit of the "Jupiter Ascending" dramatic story line driving the cocreated narrative. "Map of the Alien Lifewaves" is prolly more accurate, but I'm quibbling here.

Introductory Overview Videos

There are several dozen highly detailed images below, and navigating through them may seem quite overwhelming. There's an army of Alternative Media Reporters and Vloggers who are providing excellent analyses that provide a number of alternative narratives that might be closer to the truth than the official narrative pushed by Mainstream Media (MSM). At the top of this post appear a number of videos that provide overviews of the collection of maps before you go diving into the collection. At the bottom of the article are other video reports referencing this article. If you create a video, please send the link to someone at the [Meme Lab](#).

Vloggers, know that the posting of the link in your videos has exponentially increased the traffic on the article. You are having a massive impact on connecting your viewers to the material you are recommending, WordPress analytics clearly show this. If possible, please do not include the /amp/?__twitter_impression=true in links to the article so your followers can view the site as intended.

This first video is the creator of this page, Michael Brown, being interviewed by Natasha from "Nothing But Truth Natasha." The focus is primarily on Dylan Louis Monroe's Q Web, but it does provide an overview of the full article.

The [SGT Report](#) does a great overview starting at 3:05 and is covered through the rest of the video.

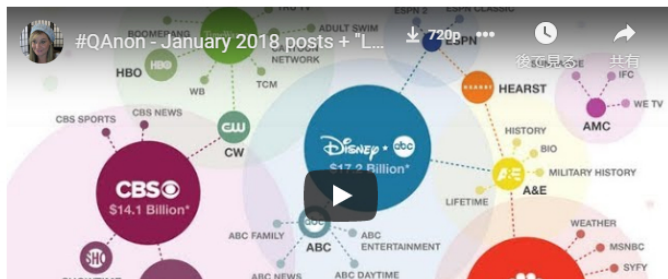

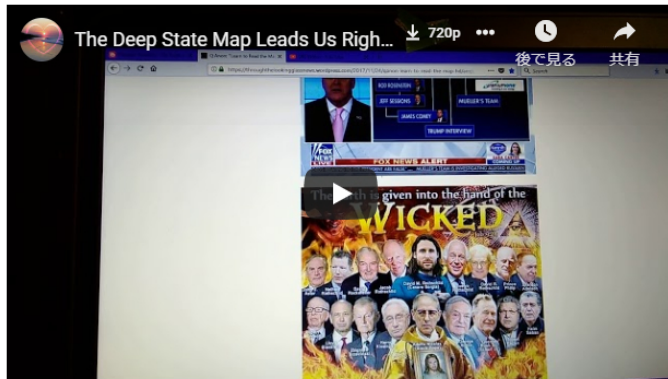

[XtremeRealityCheck](#) has done a great job providing an introduction to our collection of dozens of maps, diagrams, org charts, and family trees:

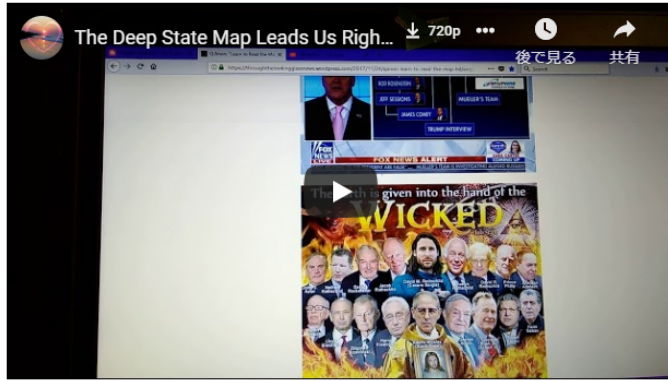

YouTube vlogger [kinnigan](#) of [RagingReptilian.com](#) has also produced a good introduction, with different insights than XtremeRealityCheck.

Natasha Nothing But Truth vlogging as [Trump News, Truth Natasha](#) provides a quick three and a half minute overview.

Like to give you some further information about the founding of the US. Rothshild had been involved. There had been a very succesful trademan (named Bendicht Gurtner) who belonged to the Mennoites in the 16 century. He lived in Switserland. The swiss government decided to confiscate all the values of Bendicht Gurtner. Later about 1780 the swiss government decided to accept the Mennoites as a legal believe community and decided that the heritage of Bedicht Gurtner needs to be payed back to the heirs of Mr Gurtner.

About the same time the Illuminati had been founded in Ingolstadt(Germany) by Adam Weishaupt. After a short time the order of the Illuminati needs to flee from Ingolstadt and he found asylum in the City of Neuwied. Here in Neuwied the Illuminate prepared the foundation of the US. But where was the money coming from?

The heritage of Bendicht Gurtner was about 40 carriages full of barrels filled with Theresien Taler. The Swiss government decided that the heritage needs to be given back to the heirs of Gurtner. Neuwied was known for its politics of freedom of religions. So also the Mennoites where invited to settle there and so they did. The heirs of Gurtner where also living in Neuwied at this time. So the prince made a deal with the Swiss Government to pay back the heritage to the right people, therefor he needed to impawn all his estate to the Swiss government as long as he proved that all the different lines of Bendicht Gurtner has been payed. (Sidemark: Till today all the estates are still not free, means that not all descendants have been payed.

The deal with the Swiss government was done with the help of Rothshild and the British Crown. At the same time Adam Weishaupt was in Neuwied. Shortly after he settled over to the new continent and did his work there. Not convinced yet? How about this: Here is an old district (more ruins) called Rockenfeld. Guess where the Rockefellerers are coming form... when did they settle over? Where was the money from? ...

Important: If you convince POTUS that the Swiss needs to pay back the heritage to the last line of heirs (they are well known to me), all the estates needs to be given to them. Because of the effect of the compound interest the heritage is unbelievable fucking huge, it cant be payed back in money anymore. It would be a very painful hit for the Rothshilds

Of course, slots aren't the only game on DoubleDown. When betting in a baccarat game at Jackpotjoy casino, there are three different bets you can put. You push the cards together until they intertwine.

Awesome! Great info. Definitely great resource I can use to share with others. I do have a question.

What can I do in to go about in getting quality downloads of some of the Qmaps?

Not all but some of the images were to blurry when zoomed.
